This map displays priority areas for the Preserve Farm and Range Lands goal in the Greenprint for Deschutes County. Areas across the county were evaluated using a 5 point scale. The degree of priority is shown using a color scale with red representing areas with a high priority score of 5, dark orange areas have a score of 4 and orange representing areas with a moderate priority score of 3. Areas that received low priority scores of 1 and 2 are not shown. These priorities are the result of a weighted analysis on the following criteria:

Minimize fragmentation of agricultural lands	40 %
Identify prime soils for best location and conservation	30 %
Range lands	30 %
